Product Description

Devour branches up to 4.75" thick!

This quick-connecting 3-Point Hitch Chipper will give you another way to capitalize on your tractor investment. DR self-feeding technology makes it easy...just drop a branch in and go for the next one. No need to force feed.

PTO Shaft Included

We provide a PTO shaft with the DR Chipper to simplify connecting and disconnecting. You can use it with any Category 1 tractor.

Product Summary

- 4.75" chipping capacity
- 17" x 27" chipper hopper opening
- Hardened steel PRO-SPEC™ chipper knife
- Weight: 255 lbs.

Warranty Coverage

- Machine: 2 years residential; 90 days commercial

Features

Self-Feeding Action A large vertically oriented hopper, a precisely-angled heavy-duty chipping knife, and a powerful air channel work together to pull branches into the chipping hopper and blast wood chips out the discharge. Most materials will self-feed, so once you drop a branch in, you're free to get the next one. No force feeding required!

Oversized Chipping Hopper The big opening for branches (17" x 27") accepts 4.75" branches with little or no trimming of side branches.

Pro-Spec™ Chipper Knife Made of high-carbon/high-chromium forged alloy tool steel, our knives hold an edge longer than those on "bargain" chippers. Still, as with any cutting tool, keeping a sharp edge is important for maintaining peak performance. We recommend keeping an extra on hand so you can minimize downtime.
