

Accessories Add Versatility The optional Vacuum Hose lets you get at yard waste in places you can't drive your mower. And the Mulch Discharger allows you to broadcast all that debris right where you want it. (Optional accessories).

Optimal 8" Hose The 8" hoses are ideal for performance. Narrower hoses clog too frequently, and wider ones lose compression and suction power. Extensive testing determined that 8" is the optimal diameter.

Assembled in the USA The DR PRO 330 Leaf and Lawn Vacuum has a capacity of 44 cubic feet, or 330 gallons, and dumps quickly and easily. The PRO 330 is perfect for medium-to-large properties with heavier Lawn cleanup. This vac is equipped with a DR 9.2 HP OHV engine with cast iron cylinder sleeve.

Reduce a Mountain of Leaves Our Shark-Teeth Impeller, in combination with the action of your lawn mowing blade, reduces your leaves to a fine mulch during collection. The result is rich, organic material that you can return to your garden or compost heap.

Utility Cart With the upper collector and power unit detached, the cart bed makes a great all-purpose utility trailer. Pin hitch it to your riding mower (or ATV) and use it for all kinds of landscaping and hauling chores. The PRO 330 has a 800 pound capacity.

Categories:[DR Power Equipment](#)

Electric Start Available The PRO 330 is equipped with a high quality, easy-starting DR OHV engine. With 9.2 HP and 15.3 ft-lbs gross torque (per SAE J1940), it has the power you need to create a powerful suction force and propel the fully PRO 330..

Large Capacity The PRO 330 holds DR #1 44-cubic feet (330 gallons). The high-speed impeller reduces the volume of leaves to a fraction of their original bulk. So you'll be able to collect huge amounts of leaves and debris before you have to stop and reload. The powerful 9.2 HP (13.28 ft-lbs gross torque) OHV engine, in combination with the massive Shark-Teeth impeller, creates tremendous airflow that virtually eliminates clogs and leaves your lawn beautifully free of debris. Big Wheels Roll Easily! 14" diameter wheels are bigger than competitive products and create a smoother roll. You can Collect, Shred and Dump! with our Wheel Upgrade Kit.

Using the DR Leaf and Lawn Vacuum drastically reduces the volume of leaves and other materials it collects. It starts with your mower deck which provides a trailer Jack Stand for moving the machine easily when not in use. Adapts to pin hitch trailer Jack Stand. Heavy duty Trailer Jack Stand for moving the machine easily when not in use. Adapts to pin hitch trailer. Bright LED lights on our Shark-Teeth Steel Impeller which further reduces it before passing it into the collector.

It's not JUST for Leaves!

In spring the DR is great for cleaning up the wind- and storm-borne debris that collects on your lawn. During the summer, it makes a terrific high-capacity bagger that will leave your lawn spotless with very little extra effort on your part. And you can use the utility cart any time of year for hundreds of hauling jobs.

Get More Done with Accessories

The Optional Vac Hose provides 20 feet of extra reach to clean up areas you can't drive over. Use it to vacuum out flower beds, window wells, hedges, or any other remote areas. Our Mulch Discharger lets you expel collected material and place it right where you want it—in a compost pile or into the woods. See all accessories here.
